## **Glen Helen Regional Park trail expansion approved**

**SAN BERNARDINO** – The Board of Supervisors on Tuesday approved a plan to expand equestrian and pedestrian trails at Glen Helen Regional Park in Devore.

The project involves expanding existing trails to the southern and northern borders of the park. The park trails will eventually tie into other trails connected to nearby planned communities. Landscape improvements are also included in the project.

“Glen Helen Regional Park is a fantastic recreational asset that we should continue building on and improving for our residents,” Board of Supervisors Chairman Paul Biane said.

The project approved on Tuesday is the second phase of park improvements, which have so far included landscaping enhancements and trail development between the park entrances on Glen Helen Parkway.
